A Pizza the Size of the Sun

a Pizza that's sure to weigh more than a ton,
a Pizza too massive to pick up and toss,
a Pizza resplendent with oceans of sauce.

I'm topping my Pizza with mountains of cheese,
With acres of peppers, pimentos and peas,
With mushrooms, tomatoes and sausage galore,
With every last olive they had at the store.

My Pizza is sure to be one kind,

My Pizza will be a delectable treat
That all who love pizza are welcome to eat.

Test 08. Read the passage and answer the questions.

The Joys of owning a Cat.

Owning a cat can be an extremely rewarding relationship. A cat has the ability to both calm your nervous system and provide an immediate outlet for fun and play. Although cats are independent animals who like to scavenge and explore on their own terms, they are also very affectionate with their owners and people they trust.

Most cats love to curl up in your lap at the end of a long day while you watch television or read a book. The simplicity of this act can cause an automatic release of all the right kinds of chemicals to your brain, allowing you to ease into the evening without the weight of the world on your shoulders. Any cat owner will tell you just how much their furry friend helps them to relax and unwind. While many people enjoy the company of dogs, a cat can be more of an acquired taste- but once acquired, it's a hard taste to lose.

1. Write an ability that a cat has?

.....

2. What do the cats love to do at the end of a long day while you relax?

3. What kind of chemicals are released, when you pet a cat?
